B. Project

PROJECT PROPOSAL ON FREE TEACHING, TRAINING AND CERTIFICATION FOR ORPHANAGE STUDENTS

Introduction:

Today's the main problem is increasing the children home care throughout the world because many of the parents are not interested to care their children, and unemployment is the main problem for not caring their children and many of the orphanage are not able survive due to lack of food and education. So, our International Non-Olympic University has plan to initiate the project "**FREE TEACHING, TRAINING AND CERTIFICATION FOR ORPHANAGE STUDENT**" which has been taken as a pilot project area and going to cover 40 orphanages per year throughout the world which brings every students will be trained and utilized our free teaching with certification, by this efforts, we are encouraging the students, and stop children to involving in rag picking; pick pocketing and participating in anti social, criminal activities. Therefore, we are planning to give training for these students which are available in the entire world, which helps to protect ORPHAN CHILDREN HOME STUDENT going on wrong path.

The Project – An Overview:

Through this project and volunteer involvement, we are making a real impact for the socio-economic development, lack of education for orphanages, are going to address properly. In our project area many Orphan students are found uneducated due to lack of teachers, and teachers are not interested to train these students and no other university in the world has initiated. But, our International Non-Olympic University has plan to initiate the project "**FREE TEACHING, TRAINING AND CERTIFICATION FOR ORPHANAGE STUDENT**" which has been taken as a project area and going to cover 40 orphanages per year throughout the world which brings every students will be trained and utilized our free teaching with certification, by this efforts, we are encouraging the students, and stop children to involving in rag picking; pick pocketing and participating in anti social, criminal activities.

Objectives

The objectives of the project are:

1. To educate the orphanage students throughout the world.
2. To stop the children's to involving in anti social, criminal activities.
3. To find out the problems faced by the Students and giving the best practice to the entire orphan children.

How will this project solve this problem?

This proposal covers 40 orphanages. Every orphan child is being free training and certifications. Through this project we are making a real impact for the socio-economic development, and lack of education for orphanages are going to address properly. By this training our main focus is to encourage the students, stop involving in rag picking; pick pocketing and participating in anti social, criminal activities.

Prospective Long Term Impact

This project has impact for country development with main streamline of free education for orphanage children. Their education needs are met & will get to grow new life through gaining knowledge, skill development, will increase confidence level & become useful personality for community and also to stop children to involving in rag picking; pick pocketing and participating in anti social, criminal activities.

Sampling Design

We were going to make each and every country orphanage children are well educated and will get new education life through our training. The total number of registered orphanage going to select per year 40 orphanage with 1 faculty (approximately :-

B- Project Cost 3 centers, are going to cover) by adopting random sampling technique.
